

GRESHAM IN CHAMOIS WITH HANDLE (K171) AND T-BAR (K170)

# THE – CLASSIC – COLLECTION

A COLLECTION OF BEAUTIFUL,  
TIMELESS DESIGNS BUILT AROUND  
CLASSIC KITCHEN STYLES THAT DON'T  
COMPROMISE ON CRAFTSMANSHIP.

As you would expect from a longstanding manufacturer of premium kitchens – and holder of the prestigious Manufacturing Guild Mark – our Classic Collection boasts kitchens that are packed with bespoke and made to measure options to ensure that your scheme is lovingly crafted around your needs and tastes.

A Classic Burbidge kitchen can be personalised to these tastes through our stunning palette of 30 painted finishes. We closely examine colour trends and current mood boards to find these on-trend shades and our painted-to-order kitchens are hand-sprayed in our UK factory.

For those of you who wish to put your own unique stamp onto the finish of your new kitchen, turn to our Bespoke Painted service where we will accurately match your painted kitchen to a colour swatch from any paint manufacturer.

And for the timber lovers, opt for the Classic Collection styles that are also available in Natural Oak – a definitive classic. At Burbidge, we carefully specify our timbers with due care and respect for our environment, sourcing product from well managed forestry in Europe and North America, so you can rely on us to produce a premium quality, hard wearing product.

LANSLOWNE PAINTED MINK WITH KNOB (K52)

LANSLOWNE

# LANSDOWNE

A simple shaker style for fans of a natural timber beauty yet packed with superb design features that give character and practical appeal.

One of the collection's Natural Oak styles, we can expertly create concave and convex curves with the Lansdowne solid timber doors. So don't be square, challenge timber perceptions and show off an unconventionally fluid design.

Lansdowne lets you channel a farmhouse style kitchen look safe in the knowledge that the space and flow more than meets the demands of modern family living.

Layer up the Lansdowne's clean design by picking and mixing from the extensive choice of premium quality handles and knobs, to add interest and impact to this classic kitchen with a twist.

Of course if you are looking to blend this natural timber look – or opt for a solid colour preference – Lansdowne is also available in the Painted palette and Bespoke Painted.

# GRESHAM

The painted finish of Gresham design reveals the subtle beauty of the ash woodgrain beneath. We do the hard work by hand spraying the timber doors in our UK factory – your task is to take your pick from the 30-strong colour palette or hand us a swatch of your own hue if you can't quite find your perfect match.

Inspired by traditional panelling and combining an elegant slim framing with a deep interior profile, the resulting look of Gresham lets you step away from a customary shaker design and gently move towards a more stylised and altogether sleeker feel.

Creating stand-out interest by mixing and matching accessories is at the heart of our Classic Collection – Gresham is a shining example of how detailing such as glass doors and on-trend open shelving can uniquely enhance your kitchen.

We've added high-quality T-bar knobs and matching handles in an antique grey finish to complete this neat and contemporary design. Fulfil your own preferences, by choosing from a wide choice of handles because we know that every detail matters when it comes to specifying your new kitchen. These small design elements can have a big impact on the overall feel of a kitchen and is something that you'll be looking at and touching every single day.

UNCLUTTERED INTERIORS ARE  
THE BEST WAY TO MAKE YOUR  
WELL-DESIGNED EXTERIORS REALLY  
SHINE. OUR EXPERIENCE HAS SHOWN  
THAT EVERY CORNER AND SURFACE  
CAN HAVE STORAGE POTENTIAL.

Invest time at the planning stage of your kitchen to maximise every area of your design to create a well-functioning uncluttered, streamlined space. Sprinkle a good measure of decluttering into the busy kitchen with door hung internal spice racks, and practical shelving within larders whilst stylish built-in tray and chopping board sets cleverly unlock space and keep surfaces perfectly neat and tidy.

Take a fresh look at classic wall space solutions such as plate racks and shelving which can deliver on both function and display terms – and don't forget that a pinch of colour can work wonders here, elevating your daily storage into feature pieces.

We believe that great design and high quality needn't stop once out of sight – which is why dovetail timber drawer boxes and internal drawer fronts available in Natural Oak or laminate finish options are becoming so popular.

ERIN IN NATURAL CHARACTER OAK WITH KNOBS (K136 / K137)

ERIN

# ERIN

Erin offers a strong, timber look thanks to its chunky, wide frame in Natural Character Oak. The design lets the warmth of natural wood graining run deep across doors and drawers and is wrapped with classic curves to more than whet a timber lover's appetite.

This premium kitchen cleverly maximises the beauty of unaltered timber and the wild-graining of European oak. It is a wonderfully traditional style that is sewn into our heritage, but Erin's lines also beautifully lend themselves to a painted, more contemporary finish.

The deep angled inside profile and wide framing provide perfect definition for a host of colours, whether solely painted or in statement sections to combine with Natural Oak.

The design can also be dialled up by blending in bespoke features that are available for the fine kitchens of the Classic Collection, such as made to measure door sizes, pierced motif feature doors and open units.

STOWE

STOWE

# STOWE

A smooth choice in every sense; the matt painted finish creates a contemporary feel; simple lines look crisp and clean and a durable finish makes the Stowe kitchen family living-friendly. And less can easily be more when you start to incorporate premium details such as curved and glazed doors or bold handle designs.

With such smooth, quality lines, Stowe is a flawless blank canvas for colour. Mix and match from our carefully-curated palette of 30 shades or inject your own variations through the Bespoke Painted colour match service, to add depth and bring the striking Stowe scheme to life.

Use this kitchen design to ignite your senses. Enjoy its tactile, super smooth on-trend finish and take your pick from our accessories to elevate its simplicity. We're talking framed end panels and sweeping cornices to create impact and character.

MARLOW

# MARLOW

With timber innovation woven into our heritage, little wonder that Marlow is cleverly engineered to replicate the beauty of real painted timber.

We believe that whichever end of the kitchen budget spectrum you are working to, you deserve to choose from the very best design and quality credentials. Marlow is smartly-engineered to fit the bill for those on a tighter budget, yet absolutely doesn't compromise on construction excellence. This five-piece crafted vinyl wrapped door is designed to replicate the beauty of real painted timber and is available in original Ivory and Light Grey or over-painted in any of our painted palette colours if you are looking to inject bolder hues.

Well-considered practical internal fittings are also available to maximise storage in this substantial, wide frame shaker style kitchen. And as part of the premium Classic Collection, don't forget that a host of details are available to inject a personalised touch, such as a selection of handle designs, together with curved and glazed doors.

# IN-FRAME, CLASSIC & SIMPLY BURBIDGE FINISHES

We have carefully-curated a palette of thirty on-trend shades to create statements and beautiful contrasts against Natural Oak, plus colours that work hard in your kitchen; that affect mood, productivity, respect natural light and enhance existing living spaces.

A Burbidge kitchen can be personalised from our stunning palette of painted finishes. Our kitchens are expertly painted by skilled technicians in our UK workshop using paints that guarantee colour-fastness whilst having a low environmental impact. This quality commitment achieves perfect results, highlighting the subtle beauty of your kitchen's woodgrain beneath your colour, or creating flawless smooth matt finishes for our contemporary schemes.

If you can't quite find your perfect match from our palette or want to make a very confident colour splash, then turn to our Bespoke Painted service. Simply provide us with any paint manufacturer's reference, and we will produce an accurate match for your painted kitchen.

Our latest additions are shining examples of colours that are taking centre stage in interior schemes. The new shades of green – Thyme, Willow and Fjord Green – continue to support the popular botanical trend, creating a sense of order and calm to your interior. Grey remains as the hottest hue in interior design; helping to define architectural lines and is naturally suited to minimal, contemporary layouts. Anthracite and Pale Smoke, our two new add-ons offer options at either end of the grey colour spectrum.
